Not So Minor Prophets: Amos

- How does Amos lay the foundational truth that God is the God of the Universe? How would this truth about God differ from the common belief of the other nations? (1:3-2:3)
- What were Israel's sins? (4:1-5)
- Why does God use the withdrawal of blessing to bring Israel back to Himself instead of increasing blessing? (4:6-13)
- What does God call Israel to do as part of turning back to Him? What will happen if they don't? (5:1-24)

What does it mean to love and follow God not just as a private personal God but as the God of the universe?
